Hi my name is Aylia, I am a grade twelve high school student at Sherwood Secondary school. I am planning on graduating this up coming year and looking to go to Laurier University for child psychology. I've had plenty of experience working with people of all ages and loved it. I am a very outgoing positive person who always puts a smile on people's faces. I am very friendly and very responsible. I am a quick learner and put all my effort into the task that is given to me. I am always on time and if something ever does come up and I can see myself being late, I will make it my main priority to contact you and inform you of such. I would love the opportunity to get to speak to you face to face in an interview. Thank you so much for taking the time to read my resume. I hope you have a great day, and hope to hear from you soon.
